4.2.	Decis	sions made without a meeting						

The Board received a report on decisions made without a meeting since their last meeting (see R1 of the Board reports).

5. Appointment of Vice-Chair
The Board noted they had received an expression of interest in the role from Jordan Kenny.

(Jordan Kenny left the meeting at this point)
The Chair explained Jordan Kenny's background working at the University of Roehampton and noted that they were an ex-officer of The SU themselves.

The Board discussed and agreed to appoint Jordan Kenny as Vice-Chair until the end of their first term of office as a trustee (19/12/2022).

(Jordan Kenny re-joined the meeting at this point)

6. Coronavirus

The Board received a coronavirus (COVID-19) pandemic update (see R2 of the Board reports).

The Chair noted their concerns regarding the bus company First Bus which, due to the pandemic, was experiencing reduced public use. If the company went under or had to change services, this could seriously affect student travel to and from campus. The University were currently monitoring the situation closely. A Trustee noted this would be an issue affecting residents as well as students.

**QUESTION:** A Trustee asked what support The SU were giving students seeking tuition fee refunds.

**ANSWER:** The Chair explained the students' union sector is advocating for the government to pay the cost for refunds during the pandemic as they recognised that universities could not afford to do this. To date, guidance issued around this area had also been unclear on who would handle such complaints with the Office of Independent Adjudicator *(OIA)* stating this was outside their current remit.

**QUESTION:** A Trustee asked for an update on the request made to the University for them to support The SU by underwriting lost commercial income.

**ANSWER:** The Chief Executive explained that they have arranged to meet with the University's Director of Finance to discuss this. Following this they would then be in a position to update Trustees.

**QUESTION:** A Trustee asked for an update on plans for student welcome week. **ANSWER:** The Chief Executive reported on the options being explored and the work being done to engage student groups early and update online content.

# (Kate Aldridge joined the meeting at this point)

**QUESTION:** A Trustee asked what scenario planning The SU had done for the next academic year.

**ANSWER:** The Chief Executive explained that there were currently too many big variables within The SU finances to start planning various scenarios for next year. Before proper planning could begin they needed to know:

- the outcome of a £50,000 insurance claim The SU had made for lost business income:
- the full cost of the buy-out for the transport fleet lease (a decision that had been made to make savings in the long term);
- the exact cost of the furlough scheme and income from the scheme that The SU would receive.

The Board congratulated Officers and The SU on the great work they had done in continuing to provide support, representation and student activities during the pandemic.

### 7. Black Lives Matter

The Board received a report on Equality, Diversity & Inclusion (EDI) issues which had been circulated separately to the Board reports (see additional report).

Two of the Officers noted their concerns regarding the lack of EDI expertise among staff within both the University and The SU, particularly regarding the experience of black students. They recommended that a long-term EDI plan was needed in order to ensure the continued progress of the good recent work in this area.

The Board discussed and agreed that they wanted a clear plan for improving EDI within The SU with regular progress reports being submitted to Trustees. A Trustee advised that The SU needed to make sure that it kept focused on all EDI issues and not just those appearing in the media.

The Board discussed and agreed the following actions:

- the EDI plan should include a RAG rating to clearly show progress being made;
- the EDI plan should be submitted alongside a progress report to each meeting;
- The SU should campaign for the University to sign up to the race equality charter;
- a Trustee should be appointed to keep oversight of this area of work within The SU.

ACTION: EDI plan to be updated and submitted along with progress reports to each Board meeting.

ACTION: The SU to campaign for the University to sign up to the race equality charter.

ACTION: A Link Trustee to be appointed to have oversight of EDI work within The SU.

(The Board stopped for a 5 minute break)

## 8. SU Strategy

The Board received a report on The SU strategy (See R3 of the Board reports).

A Trustee noted that despite achieving the strategy's objectives the key performance indicators (KPIs) appeared not to have been affected. For the new strategy this would need to be addressed with actions changing if they were not affecting the KPIs.

**QUESTION:** A Trustee asked how KPIs would be monitored for non-website activities. **ANSWER:** The Chief Executive explained that increasingly SU activities required scanning in which allowed for this information to be captured and then stored with the rest of the data on the website.

**QUESTION:** A Trustee asked how The SU communicated its strategy to students. **ANSWER:** The Chief Executive explained that The SU was more focused on communicating its cause and related activities to students than the strategy itself as it recognised that this was more likely to be relevant to student interest.

#### 9. Finance

The Board received a report on SU management accounts, reserves and budget (see R4 of the Board reports).

A Trustee explained to the Board that The SU with its current reserves could support a deficit budget until the end of the next academic year.

**QUESTION:** A Trustee asked for an update on commercial income plans for 2020-21. **ANSWER:** The Chief Executive explained that The SU was unlikely to be able to resume club nights for the foreseeable future. They were therefore exploring other opportunities for commercial activities such as temporarily switching from a bars operation to a retail one.

The Board discussed and agreed that the Finance & Audit committee should meet in July to explore and plan for a range of different scenarios for the next academic year.

ACTION: Finance & Audit committee to plan for a range of different scenarios for the next two year.

#### 10. Governance

The Board received reports on the following:

- Student Member Disciplinary policy (see R5 of the Board reports);
- Complaints policy (see R6 of the Board reports);
- Business Continuity and Recovery policy (see R7 of the Board reports);
- Student Group policy (see R8 of the Board reports):

The Board adopted the Student Member Disciplinary policy subject to the following amendments;

The Board adopted the Complaints policy subject to the following amendment;

P1 Confidentiality 'Details of specific complaints will be erased from records after 3 academic years.' should be amended to 'Details of specific complaints will be erased from records after 4 academic years.'

16. Health & Safety	
The Board received a report on Health & Safety (see R14 of the Board reports).	

QUESTION: A Trustee asked what actions had been taken with regards to the health and safety of staff working remotely. **ANSWER:** The Chief Executive explained that each staff member had been given a workstation assessment with the Departmental Safety Co-ordinator. They had also been permitted and encouraged to pick up any equipment from the office that they needed to improve their workstation. This would continue to be monitored as staff exited the furlough scheme over the next two months. QUESTION: A Trustee asked why there was such a high number of reported accidents for cheerleading. ANSWER: The Sport Officer explained that cheerleading was a sports club that, unlike other clubs, had no national body setting safety standards. The clubs activities had been paused and they would not be continued until The SU had decided what this should be. QUESTION: A Trustee asked about the ventilation problem in The SU Advice & Support ANSWER: The Chief Executive explained that there had been a verbal agreement when the building was built that essential work to the building would be covered by Estates. This had been confirmed by the previous Chief Executive. Estates were currently refusing to pay for this and The SU could not afford to for this. Following an SU request the University's Health & Safety Adviser had inspected the office and confirmed that while not ideal it was still useable. 17. **Chief Executive and Officer reports** The Board received the CEO and Officer reports (See R15 of the Board reports). A Confidential Minute was taken at this point. 18. **SU Area Reports** The Board received a report on SU area activities (See R16 of the Board reports). 19. Any other business The following item had been previously identified for discussion under any other business: 1) Trustee appointment (Marian McNeir left the meeting at this point) The Board agreed that Marian McNeir had skills that would be useful to the Board but the diversity of the Board also needed to be considered. They agreed that the Leadership committee should review the current backgrounds and skills of the current Board before any decision on this was made. **Outgoing Officers** 

	The Board congratulated and thanked the outgoing Officer team recognising that due to the pandemic this had been an unusual end to an Officer year. They agreed that post-pandemic the Officers should be invited back for a meal.

### REPORT

## 1. STRATEGY'S KEY PERFORMANCE INDICATORS (KPIs) 2016-2019

- 1.1. The SU have worked with external research agency Alterline since 2017/18 over a the past three years to gather insight into the student experience of The SU through the Student Life Pulse Survey (SLP) project.
- 1.2. SLP has been a monthly survey of a representative sample of students, the student body was split into 9 representative groups so that each student received the survey once over the course of a 9 month period (October June). Reporting by Alterline occurred in 'pulses' three month periods (October December, January March and April June).
- 1.3. By running a survey in this way it was hoped to generate more insight that running an annual one off survey would provide. The project was also partnered with 10 other students' unions (these changed year on year as some dropped out and others joined). A benchmarking report which has been circulated separately to Trustees has been created by Alterline comparing participating students' unions data for the core questions.
- 1.4. The contract with Alterline finished in 2019/20 and will not be renewed. The SU are instead bringing this work in-house with plans underway for a new SLP survey more focused on the Bath experience. This will allow for a more focused and agile survey in terms of both the questions and the reporting.
- 1.5. Organisational KPIs identified for the 2016-2019 strategy were included in the SLP and the following table shows the data relating to the two KPI questions asked as part of the survey.

KPI	2017/18	2018/19	2019/20
Overall, how satisfied or dissatisfied are you with your SU?	63%	62%	56%
I am getting the most out of my time at Bath	64%	65%	63%

Whilst there has been a drop in overall satisfaction in 2019/20, when looking at this year's data in more detail, satisfaction was highest in the final 'pulse' period (60%) with the middle 'pulse' giving the lowest satisfaction (52%).

1.6 Appendix 1 provides data for The SU over the three years of SLP for the core questions.

### 2. COMPLAINTS AND STUDENT MEMBER DISCIPLINARY

- 2.1. The Student Union (SU) is an independent organisation to the University and therefore has its own procedures for handling complaints and administering disciplinary to Student Members. All SU policies can be found on policy page<sup>1</sup> of the governance section of the website.
- 2.2. Appendix 1 and 2 each provide a statistical overview for complaints and disciplinary matters within The SU. Within the tables red denotes an increase on the year before while green denotes a decrease from the year before.
- 2.3. Since the previous meeting there have been no reports of misconduct received by The SU.
- 2.4. Since the previous meeting there have been two complaints received and handled by The SU.
- 2.5. The first complaint related to concerns being raised over a committee member of a student group due to having a past disciplinary record with the University. Contact was made with the University and they expressed no concerns over the person in question continuing to hold this position. The complainant appeared satisfied with the response given and did not appeal.
- 2.6. The second complaint was more complex due to its historic in nature. It related to the poor handling of a past report of misconduct several years ago. Investigation showed that actions taken to update complaint and student member disciplinary procedures have largely already addressed this matter. However, it reinforce the need for all student leaders and volunteers to receive training on how to properly respond to a disclosure/complaint or raise one themselves. This complaint reached the appeal stage and was considered by the Complaints & Disciplinary committee.

### 3. EXTERNAL SPEAKERS

- 3.1. The SU has received a total of 87 external speaker applications between June 2019 and June 2020.
- 3.2. Of the 87 applications received, 75 were approved internally, 3 referred to and approved by the University and 9 unresolved. The 9 unresolved applications were due to cancelations caused by the COVID-19 pandemic.
- 3.3. The following table offers a breakdown of 87 applications received.

Subgroup	Applications	Number referred
	submitted	to University

## 4. ELECTIONS

- 4.1. Appendix 3 provides voting data for elections held over the last three years *(excluding By-elections)* for the sub-group areas of The SU.
- 4.2. One notable trend that can be identified from this data is that for Diversity & Support committee group elections there is evidence for a small but steady year on year decrease in the number of students voting in this sub-group area.

REPORT

#### 1. BACKGROUND

1.1. At its last meeting, Finance & Audit Committee asked the Head of Finance to work with budget holders to identify additional savings within The SU budget for 2020/21. With the financial year-end process underway (The SU financial year ends at the end of July) we are also able to provide an interim update on financial position at the end of 2019/20, update The SU's reserve position and provide some recommendations on our approach to finance moving forward.

### 2. YEAR END 2019/20

- 2.1. In March 2019, The SU instigated a number of cost reduction measures in order to reduce the immediate financial impact of the Covid-19 pandemic. This included cancelling events early to avoid costs, halting purchases of equipment and services, and making extensive use of furlough for 45% of core staffing roles.
- 2.2. Early analysis of year-end data (see Appendix 1) suggests that we have been able to contain operating losses for last year to -£55k.
- 2.3. There are some important points to note within this final year position:
  - In June we were notified that the University would not be passing on an estimated £60k of furlough savings for core roles, though we did receive the payments for those staff working in commercial areas as their salaries are not linked to the grant payment we receive from the University.
  - We also have an outstanding insurance claim worth £50k. A test legal case is currently in progress and this will decide whether we receive a payment. Given the current uncertainty, our auditors have recommended that we exclude this potential payment from our accounts for 2019/20
  - Other revisions since the last Finance & Audit Committee meeting include the removal of a bad debt provision, additional costs of media sales cover during maternity
- 2.4. Our ability to restrict spending has been due to some key factors: the complete absence of students from campus and the associated halt to physical student activity/demand; a high proportion of staff being on furlough and the high workload of others who remained at work. Similar restrictions may not be possible in the future in a different scenario.

### 3. 2020/21 BUDGET UPDATE

- 3.1. In June, the University Council approved The SU budget request in full, despite the need to make major savings elsewhere.
- 3.2. Since the last Finance & Audit Committee meeting, the Head of Finance has worked with budget managers to identify additional savings in order to recover from additional losses that will be suffered as Covid-19 restrictions continue (Appendix 2). The loss assumptions are based on two different scenarios:
  - Scenario 1 (-£107k loss for 2020/21): restrictions in place of semester one only, with normal
    activity resuming in semester two. To be prudent this scenario does not include plans for potential
    recovery events such as an additional summer ball for the 2020 cohort, a delayed 'traditional'
    Freshers' Week experience and other events towards the end of the year, however these
    opportunities will be taken if possible.
  - Scenario 2 (-£266k loss for 2020/21): restrictions in place throughout the next 12 months with no opportunity for recovery activity.
- 3.3. Alongside previous savings as part of the budgeting process, budget managers have been able to identify £40k of additional savings that we can implement this year. This has included the removal of budget most non-commercial casual staff, delaying purchases and cancelling non-essential activity.
- 3.4. The SU has limited budget non-pay opportunities that are easily recognised and we are at the point now of having to tackle more complex issues (see section 6 below) if further savings are required.

### 4. RESERVES

- 4.1. The SU holds unrestricted reserves currently totalling more than £303k (this figure is after adjustment based on the initial 2019/20 accounts). Of this, £224k has been identified as a permanent reserve to fund SU activity in time of a financial crisis and £79k for investment in strategic projects. Having halted additional activity, our commitment for this investment reserve is restricted to £4k, leaving a total reserve of £299k.
- 4.2. Any immediate use of the reserves will need to be factored into The SU's finance strategy moving forward, in that our budgeting would need to deliver sufficient financial contribution each year in order to replenish the permanent reserve within a specified time-frame.

# 5. THE EDGE AND DARTMOUTH AVENUE

- 5.1. The Edge consultation has now concluded, and The SU is set to gain additional funding for four roles and an operational budget of around £45k (TBC). This will provide an immediate boost, but there are some key areas to maintain a watching brief over:
  - There is an un-budgeted revenue stream through facilities hire that we are now in a stronger position to realise.
  - The University has committed to producing an arts strategy for the University, although the delivery of this remains unclear at present. This could present additional revenue opportunities for The SU in the future.
  - We are seeking clarity over the University's plans for long- and medium-term cyclical maintenance
    of the facility, together with equipment replacement plans. This is subject to ongoing discussion.
- 5.2. The University has agreed a three-year lease for Dartmouth Avenue facility, and The SU will be the main occupants of this space. It is free of rent and maintenance costs, however the University's long-term plans for the venue are unclear. We may have difficult issues ahead should the current arrangement be subject to future change post the University's Covid-19 attention.

### 6. FUTURE SAVINGS/INCOME OPPORTUNITIES

6.1. This section of the report has been removed from the public report as it contains information that is of a sensitive and confidential nature.

### 7. BUDGET RECOMMENDATIONS

- 7.1. Identify a figure that will be expendable from The SU permanent reserves for 2021/22, with necessary check-points throughout 2020/21
- 7.2. CEO continue progress over the SLA, and highlight the content of this paper with the Director of Finance, requesting a view on emergency funding from the University
- 7.3. CEO to progress confidential development on cost/benefit of major savings opportunities
- 7.4. Discuss longer-term approach and agree path.

### 8. AUDIT RECOMMENDATIONS - UPDATE ON OUTSTANDING ITEMS

# 8.1. Segregation of Duties:

- Work on creation of procedures manual and replacement of existing Bye Laws and regulations pushed back to Semester One.
- The team has been affected by the absence of a key staff member, meaning some tasks not fully segregated as Head of Finance has to cover number of their tasks.

#### 8.2. Cash Controls

 No action until University finds an alternative location for its cash deposits and security collections, and AHS use own facilities for providing change for its outlets. The Finance Office will be closed for at least Semester One as whole of Level 3 commandeered by the bar. Temporary lack of access to SU may prompt University action.

#### **REPORT**

#### 1. RISK REGISTER

- 1.1. Appendix 1 contains the Risk Register which was last updated in March 2020.
- 1.2. The Finance & Audit Committee at its meeting on 27/08/2020 agreed that 'failure to handle reputational risk' needed to be updated on the risk register to reflect the greater risk now associated with handling COVID-19. This is still to be actioned but when completed this report will be updated to indicate this.
- 1.3. A further risk to be potentially added to the risk register is poor handling of safeguarding, complaints and student member disciplinary matters. Work needs to be done to evaluate where The SU stands on this and this will be carried out by the Governance & Executive Support Manager.

### 2. BUSINESS CONTINUITY AND RECOVERY

- 2.1. Due to the current pandemic caused by Covid-19 The SU is currently operating in accordance with its Business Continuity and Recovery policy.
- 2.2. Senior Management and Officers continue to meet virtually daily to discuss issues arising and make decisions. The SU finance team continues to monitor the budget closely.
- 2.3. Appendix 2 contains a copy of the current Business Continuity and Recovery plan.

#### 3. HEALTH & SAFETY

- 3.1. Appendix 3 contains statistics for accidents that have been reported to the Departmental Health & Safety co-ordinator.
- 3.2. The Cheerleading club's activities have currently been suspended due to concerns around standards of health & safety. This was still the case as of 03/09/2020 when this was last checked with the Head of Activities.
- 3.3. Appendix 4 contains an update for actions identified from the Health & Safety inspection carried out in November 2019.

3.4. The Departmental Health & Safety coordinator in June carried out individual work station assessments via Microsoft Teams for all staff. A number of staff were identified as needing equipment and this has been supplied to them.

# **Summary points:**

- There have been no further accidents reported to The SU since the last meeting.
- There have been no near miss accidents reported to The SU since the last meeting.

# APPENDIX 4: Health & Safety Inspection Report (November 2019)

# Actions identified as part of previous inspections which have been completed:

 Stacking of newspaper within Bath Time currently presents a potential fire hazard. This is no longer likely to be an issue as the print budget has had to be reduced as part of SU wide savings being made in response to COVID-19.

# Issues identified as part of the previous inspections that are still ongoing:

- a) It was identified that the conversion of 'aluminium pan' male toilets to ones with lids had still not been actioned. The Departmental Safety Co-ordinator is still awaiting a quote from Estates about this which has been delayed due to COVID-19.
- b) Heating and ventilation remain an issue within The SU with staff complaining that rooms can be too cold or too hot depending on what time of the year it is. Unfortunately there is little that can be done to address this issue other than to monitor it.
- c) Large roll cages and boxes of merchandise continue to be deposited in the passageways of Norwood House level 2. This likely to be less of an issue during the pandemic due to changes to the way 'Little Fresh' is being run.
- d) The maintenance of Norwood House social spaces continues to be an issue in particular on level 2 where there is a significant amount of footfall generated by visitors to Fresh and Pitstop. The Chief Executive remains in conversation with Estates about who is responsible for ensuring that this area is kept tidy.

  - **Citizen-shift**: To facilitate opportunities for students to come together and encourage everyday participation in our cause
  - **Culture-shift**: To strengthen our distinctive culture and working practices and create a culture that helps deliver our cause
  - **Content-shift**: To shift our communications, activities and spaces to better reflect and celebrate our cause

#### **PURPOSE**

To report on operational matters.

#### **CONTENTS**

Page 1: Report

Page 1-2: Actions

#### **REPORT**

- 1. Normally this report would contain individual area, CEO and officer reports. However, given the volume of work involved in returning to campus operations we have collated a short central report covering the key updates only.
- 1.1. Officers will provide a verbal report at the meeting, particularly focusing on aspects of student voice and student experience not covered here.

#### 2. ROB TYRRELL (ACTIVITIES OFFICER 2020)

Following the sad news of Rob's death on 29 June 2020, The SU has engaged in a number of different activities to provide support and ensure that plans are in place to remember Rob throughout the course of the year.

#### 2.1. Support for officers, staff and students

- DCE and CE provided immediate support to the Officer team and students
- Support also available from student services via phone / Teams
- We announced the news of Rob's death via web and appropriate social media channels
- Virtual <u>memorial wall</u> provided a place for students and staff to share memories and photos of Rob
- University Chaplain led a de-brief session on campus for officers, students and staff
- Ongoing face-to-face meetings with the officer team
- Memorial service to coincide with Rob's funeral, shared readings and memories
- SU President met Rob's father and we have retained contact via student services

## 2.2. Remembering Rob through the course of the year

- In the student centre we are creating a memorial wall for Rob that will remain in place for the rest
  of the year
- The Education Officer is liaising with Rob's friends about a memorial event when they return to Bath in September
- Reflecting Rob's passion for bright shirts, during Freshers' Week we have a themed night for wearing a bright shirt and will share content after the event.
- One of Rob's manifesto pledges was about supporting international societies. We have created a £5k funding allocation that will be ring-fenced for international student societies to bid for, using the alumni fund process.
- Another of Rob's manifesto pledges was support for climate action, and during the year we aim to identify a specific activity that we can link to Rob's ambitions in this area.
- For The SU group awards, we will create the Rob Tyrrell award that will go to the student who
  most reflected Rob's enthusiasm and contribution to the student experience.

#### 3. WELCOME 2020

We have adopted a flexible programme approach to help us develop and implement the plan for the new year. This has helped us focus our attention and ensure that we are making progress towards our deadlines. Below are a selection of key updates:

#### 3.1. New normal survey

- To help shape our plans for the coming year, early in the summer we commissioned some research to help us better understand student concerns for the year ahead
- The research has provided key input to a range of University programmes centred around the changes being made for 2020/21

#### 3.2. Freshers' Week

- We secured £80k funding from the University to support the delivery of the Freshers' Week programme, helping bridge across the lost income from wristband sales
- The programme is building up from a strong virtual offer to incorporate events and activities run by student groups wherever possible
- We are providing support for activities for students arriving early and quarantining on campus
- From 17-22 September, we are delivering 'Welcome Night' activities in what is a more drawn out arrivals period than usual. Arrivals will meet their FW captains who will introduce them to arrival games, with evening surprise and DJ set students can enjoy in their accommodation.
- During this period, we will be 'Building Up' to the main Freshers' Week experience. Student groups will be hosting a variety of events including strolls along Bath's skyline walk, a tour of the city's best spots, or a treasure hunt across campus and The SU bar will be open too. In the evenings, there will be a pub quiz, film nights and other ways to help students got to know their housemates.
- Wristbands for 'Freshers' Week' itself (22-27 September) will give students access to a range of
  events on campus, such as mini-golf and picnics, as well as a virtual line-up, including live music
  and professional comedy. Each night, we will have livestreamed bands, DJs and artists and the
  Freshers' Fair will be delivered online for the first time.

#### 3.3. Flexing our offer

- Using the new normal as our base, it is clear that students will have less money and there will be fewer opportunities for student groups given the restrictions that remain in place
- Wanting to make sure that the student experience is as rich as possible, we have flexed our student membership offer, enabling students to purchase one membership for either sports or societies, but then access any student group in that category
- The aim of this is to give students a greater range of opportunities throughout the semester, whilst protecting income levels across both categories

#### 3.4. Flexible student advisory panels and engagement

- We set up a Student Academic Advisory Panel to help inform the University's move to blended learning. The panel is made up of 81 participants from a range of backgrounds and disciplines. The Education Officer is updating the University's Resilient Curriculum Project Team weekly about panels views, used to shape decision-making.
- We have also developed a Student Experience Advisory Panel to support student engagement in decision-making on key issues around the wider student experience. 46 student participants signed up in the first two weeks.
- Engaging with a range of different students on key themes, including: black students on Black History Month activities and themes for 2020, the views of students going on placement and their expectations and concerns, and disabled students on their concerns for the next academic year.

#### 4. SU SPACES IN 2020/21

## 4.1. The Edge arts and cultural centre

- The University has concluded the consultation process about transferring responsibility for large parts of the arts and cultural facility (*The Edge*) to The SU
- The shift is going to be transformative for The SU, answering long-standing challenges to do with space and access on campus, and providing an outstanding platform for future development
- 'Landlord' and building responsibilities will be handled by the University's accommodation and hospitality services (ahs) team
- Four new roles have been created in The SU and we are currently transitioning/recruiting the team, which will sit in The SU activities area
- We are working to agree a suitable operating budget that will help fund operations and arts
  activity, including operating costs, student group development, tuition, equipment hire and other
  activity
- However, there remain some unanswered questions regarding the University's approach to medium- and long-term cyclical maintenance and equipment costs.
- From the autumn onwards, The SU will be supporting the development of the University's arts strategy. This could present opportunities for further development of The SU's presence/activities in the building, and should resolve longer-term funding concerns.

#### 4.2. Dartmouth Avenue site

- Having identified space for student activities as a key concern for the student experience, the
  University has taken out what we understand is a three-year lease on a location on the edge of
  Oldfield Park
- Comprising a range of buildings and rooms, the site is the ideal location for The SU to support student societies, volunteering and community outreach
- 'Landlord' and building responsibilities will again be handled by the University's accommodation and hospitality services (ahs) team, but The SU will be the main 'tenant' of the venue
- The venue is without direct cost to The SU, however there may be some additional insurance costs associated with storage of student activity equipment on the site
- Work is currently underway to install necessary IT and building security, but we hope to be operating from the site by the start of the semester
- Our intention is to 'build-out' activities once we have been able to occupy and start using the site, but have begun conversations with student leaders about how they can make use of the fantastic new space
- We are also working with the library and chaplaincy, amongst others, to help build the offer for students
- We will need to discuss with the University the long-term future for Dartmouth Avenue site early in 2021, once we have an idea of its true potential

#### 4.3. The Student Centre

- To maximise the capacity of the bar, we have converted the third floor of the student centre to provide seating for up to 170 students. The bar will operate table service throughout the area, and we have purchased an app to help us facilitate orders.
- To manage flows of students and provide changing space for the bars team, we have had to close temporarily the office space on level three, relocating the activities team to space in The Edge and Dartmouth Avenue site
- Due to ventilation issues we have had to relocate the advice and support service to the 1 East Level 3 corridor (SU President, CEO and Governance & Executive Support offices). The team will primarily offer online appointments, but will also offer face-to-face support to those students who need it. Once restrictions lift, we will return the Advice & Support team to level three of the Student Centre
- The student media Bath Time and Campus TV teams will re-locate to the current Advice & Support office, forming a student media hub on the ground floor of the student centre

#### 4.4. Sustainability

- As part of our commitment to reducing our carbon footprint, we will retain as much working from home capacity as we can.
- Having made the shift from a one-centre operation, to a four-centre one, we will review operations
  and working practices to help ensure that we continue to provide a flexible working environment
  for teams.

#### 5. CONCERNS & CHALLENGES

- The financial situation running into the next financial year is a major concern
- This has been an exceptionally busy summer and staff in a number of areas are fatigued as we enter what is traditionally our busiest period of the year
- A small minority of staff remain anxious about the return to campus
- Gaps in capacity are being felt by teams working to cover additional areas
- The health and safety environment we are operating is complex, given the range of venue, activity and guidelines that we need to consider
- We are placing a lot of responsibility on the shoulders of student leaders
- The student experience will be very different from what students are used to
- Anxiety and other mental health concerns are likely to be highly elevated this year
- Students are likely to come under attack for any increase in Covid-19
- Whatever controls are in place, some will view these as insufficient
- Uniting the team across four working locations and maintaining a sense of 'One SU'

1.2. The Charity Commission has been partially updated with changes to the Board's membership based on the responses that have been received to date (see above).

#### 2. BOARD SUCCESSION PLANNING AND RECRUITMENT

2.1. The table below provides the end dates for all current Independent Trustees descending in order of when they will expire and detailing whether they are eligible for a second term.

		Trustee name	End date	Appointment	Eligible for 2 <sup>nd</sup> term
--	--	--------------	----------	-------------	-----------------------------------

Rob Clay	12/10/2021	Appointed by the Board	No
Jordan Kenny	19/12/2022	Appointed by the Board	Yes
Alexander Robinson	19/12/2022	Appointed by the Board	Yes
Valerie Copenhagen	19/12/2022	Appointed by the Board	Yes
Kate Aldridge	19/12/2022	Appointed by the Board	Yes
Marian McNeir	28/07/2023	Appointed by the Board	No
Vacancy	-	-	-

- 2.2. Under our Articles of Governance an Independent Trustee's term of office is initially 3 years with possibility of re-appointment for a further 3 years. They can only serve a total maximum of 6 years.
- 2.3. Independent Trustees are appointed by the Board but responsibility for recruiting and making recommendations on who should be appointed is delegated to the Leadership committee. The process for this is outlined within the Trustee Recruitment and Induction policy. All SU policies can be found on policy page<sup>3</sup> of the governance section of the website.
- 2.4. Under our Articles of Governance there is a minimum requirement for at least one of the Independent Trustees to also be a student. While there is no restriction on how many students can be on the Board it is advised that this should never exceed more than two. This is to ensure that there are a reasonable number of Trustees on the Board without personal connections to The SU which might otherwise cause conflicts of interests.
- 2.5. There is currently one vacancy on the Board. At a previous Leadership committee meeting it was agreed that a black student should be appointed to fill this vacancy. There appointment would provide a unique student perspective and help to increase diversity on the Board. This recruitment will be carried out in the autumn after students have returned from summer break.

#### 3. BOARD SKILLS & DIVERSITY

- 3.1. The Board skills audit (appendix 1) and diversity audit (appendix 2) were last updated in autumn 2020. This is not a complete picture as we are still awaiting one or two forms from Trustees.
- 3.2. The skills audit shows no major areas of concern in the collective knowledge, experiences and skills of the Board.
- 3.3. The following are the areas where more Trustees might potentially benefit from further training:
  - Charity Sector;
  - Local community/businesses;
  - Trustee responsibilities;
  - Finance;
  - HR:
  - Health & Safety;
  - Media & Marketing.
- 3.4. The Governance & Executive Support Manager has plans to deliver training that will cover:
  - Charity sector;
  - Trustee responsibilities.

#### 4. COMMITTEES AND LINK TRUSTEES

<sup>&</sup>lt;sup>3</sup> If this link no longer works this means there has been a change to the website since this report was published.

REPORT ON GOVERNANCE

4.1. The Board's committee membership and link trustees appointment (appendix 3) was last updated in summer 2020.

4.2. The minutes of all committee meetings that have happened since the last Board meeting are including in appendices 4-7. These excludes the minutes of Complaints & Disciplinary committee meetings which have happened which are confidential.

#### 5. LEGAL COMPLIANCE

- 5.1. All charities (including Student Unions) must comply with:
  - Charities Act 2011
  - Charities (Protection and Social Investment) Act 2016
  - Trustees Acts 1925 and 2000
  - Charity Commission regulation. The Commission has a full list of guidance that explains what Charites 'must' and 'should' do.
  - Statement of Recommended Practice (SORP) for charity accounting and submission of annual returns, reports and accounts.
  - laws on trading, political activities, fundraising, GDPR and employment.
  - their governing document (Articles of Governance).
- 5.2. In addition to the above the University Council is responsible for ensuring that The SU adheres to the Education Act 1994 section 22. This act predates Student Unions becoming registered charities with the Charity Commission as previously they had been exempt charities. There is a potential issue that the Act gives certain responsibilities to the University Council which, arguably post charities act 2011, should belong with the Board of Trustees. It should be noted that the enforcement of the Education Act 1994 is not monitored by any government body.
- 5.3. Future work by the Governance & Executive Support Manager will expand upon this section of the report to explain *(as simply as possible)* how we are compliant in these areas.

The Committee discussed and agreed that under strategy and performance monitoring an additional item should be included to report on progress being made towards sustainability.

#### 5.1. Equality, Diversity and Inclusion

The Secretary explained that currently work was being done to identify KPIs for this area but once identified future reports would include updates on progress being made in this area.

#### 5.2. Complaints & Student Member Disciplinary

The Committee received a report on complaints and Student Member disciplinary (see R2 of the Committee reports).

The Secretary reported that a noticeably high number of the Student Members reported to The SU for misconduct had been found to have links to either the Football & Futsal Association or Rugby club. It was suggested that these might be areas worth considering for targeted intervention and support.

The Secretary reported that there were currently two ongoing complaints being handled by The SU which were both related to Student Groups.

The Committee discussed and agreed that Officers should receive training on complaints and Student Member disciplinary.

**ACTION: Officers to receive training on complaints and Student Member disciplinary.** 

## 6. **Project/Campaign Management**

The Committee received a report updating them on client briefs/business cases received since the last meeting (See R3 of the Committee reports).

## 6.1. Ongoing Projects

The Committee received a report on ongoing projects (See R3 of the Committee reports).

#### 6.2. Projects/campaign end review

The Committee received a report updating them on projects/campaign end of reviews received since the last meeting (See R3 of the Committee reports).

## 6.3. **Project wish list**

The Committee received a report on a proposed project wish list (See R3 of the Committee reports).

The Chief Executive explained that it had been recommended that The SU should be doing more to apply for external funding. A Trustee had volunteered to help with this and suggested that The SU should create a 'wish list' of projects that they might want to seek external funding for.

The committee discussed some possible ideas that could be added to the wish list.

#### 7. Trustee Recruitment

The Committee received a report on Trustee recruitment (See R4 of the Committee reports).

The Committee discussed whether Marian McNeir should be recommended for reappointment for a second term as an Independent Trustee.

It was noted that re-appointing Marian McNeir would provide the Board with a Trustee who:

- had experience of chairing the Complaints & Disciplinary committee for The SU;
- had experience of being on the governing body for the University of Bath;
- had experience of giving shrewd advice to The SU around managing sensitive matters;
- had strong links with the local community in Bath;
- helped diversify the Board by representing a different age demographic to the rest of the appointed Trustees.

It was agreed that Marian McNeir should be recommended to the Board for re-appointment for a second term as an Independent Trustee via a decision without a meeting.

ACTION: Marian McNeir to be recommended to the Board for re-appointment for a second term as an Independent Trustee via a decision without a meeting.

The Committee discussed and agreed that a black student should be recruited to fill the other vacant Independent Trustee position. There appointment would provide a unique student perspective and help to increase diversity on the Board. It was agreed that recruitment for this position should take place in the autumn as student engagement might not be as high over the summer.

The Committee reviewed the previous assessment process and noted that, while resulting in some excellent Trustee appointments, the 'interview' style approach may not have been the most effective for all candidates. A candidate who had been excellent on paper, but not performed as great in interview, had reported back later to the Chief Executive that they had not been prepared for a 'formal' interview panel. Outside of the interview the Chief Executive had found them to be much more engaging.

The Committee discussed and agreed that for the next assessment process it might be better to set up a 'mock' Board meeting using previous papers. This would allow for a potentially better means of assessing how a candidate would fit in with the rest of the Board. It could also help to shift the tone away from an 'interview' feel to one which is more 'discussion' based.

ACTION: A black student to be recruited in the autumn for the December Board meeting.

## 8. Any other business

The following items had been previously identified for discussion:

#### 1) Campaign to promote greener ways of traveling to campus

The Sport Officer explained their idea for a campaign to promote cycling to campus as a means of helping to reduce the carbon footprint. They noted that work would need to be done to identify the safest route for this. A client brief

would be written up and shared with the Committee for a decision without a meeting.

ACTION: Client brief for Sport Officer's campaign to be written and approved by the Committee via a decision without a meeting.

## 2) Activities Officer

The Chief Executive proposed to the Committee an alternative idea to re-electing a new Activities Officer for the 2020/21 academic year.

They explained that, given the circumstances, it might be more appropriate to leave this position vacant for the year and instead elect several part-time Officers. These part-time Officers would be used to carry forward specific areas of work within The SU.

The Chief Executive asked Officers to consider the idea carefully before the next Committee meeting where a more detailed report would be presented to them to make a decision on.

ACTION: Leadership committee to make decision on vacant Activities Officer role at their meeting.

#### 3) Leadership committee Chair

The Committee elected the Community Officer to be Chair of the committee for the next year.

#### The meeting ended at 5pm.

The Chief Executive reported that the results of the Student Life Pulse survey would soon be available and suggested that this should be reviewed by the Committee. The Committee agreed and requested that the Insight & Engagement Manager should be invited to the next meeting to talk through the results.

ACTION: Insight & Engagement Manager to be invited to next meeting and results of the Student Life Pulse Survey to be shared with the Committee.

#### 6. **Project/Campaign Management**

The Committee received a report on project/campaign management (See R3 of the Committee reports).

The President reported that the project for the open committee pilot scheme had evolved beyond the scope of the original client brief submitted to the Committee back in February/March. A revised plan for this project would be submitted to the Committee for review and approval.

# ACTION: Revised Student Group project plan to be submitted to the next Committee meeting.

The Chief Executive reported that the project management training that originally been booked for the summer and been re-arranged for December. This would be given to both staff and officers to help develop The SU ability to better manage projects.

The Chief Executive reported on a meeting they had had with Santander. Each year Santander gives funding to the University and The SU. Normally The SU receives about £15,000 to be spent on initiatives on equality, diversity and inclusion. The Chief Executive reflected that The SU had been good at planning initiatives for this money but maybe not so great in the execution of these plans. This could be used to fund a project or campaign for the upcoming black history month.

The Committee discussed the possible options for what this funding could be spent on but made no decisions at this time. It was noted that the funding was not necessarily restricted to just events.

President noted alumni funding that could be used.

The Committee noted that they were awaiting the following end of project reports for:

- We the active;
- Flo Café.

The Committee discussed plans being drawn up for a virtual 'We the active' and agreed that this might need to be run later in the autumn after Freshers' week.

**QUESTION:** The Chair asked about the citizen assembly project.

**ANSWER:** The Chief Executive explained that a citizen assembly was an idea that had been developed by organisations to create focus groups. These focus groups were not made up of volunteers but people who were paid for their time in order to get their views on particular matters. Normally these people would have specialist knowledge or experiences that would be relevant to the particular matter being discussed. Some Student Unions had

	experimented with the idea in the past but not been successful in keeping it going. It was noted that this project was not likely to be launched anytime soon.
7.	Trustee Monitoring and Recruitment
	The Committee received a report on Trustee monitoring and recruitment (See R4 of the Committee reports).
	They noted that the next Independent Trustee vacancy would not occur until October 2021.
8.	Activities Officer
	The Chief Executive reported that plans were now in place to cover this vacant Officer position until next June when the next elected Activities Officer would take up the position. Staff would take over the operational aspects of the role and pass on any non-operational matters to a relevant Officer. The President recommended and encouraged all Officers to collectively make sure that they were checking in with societies to make sure they did not feel neglected by the absence of an Activities Officer.
	The Committee gave their approval for the arrangements being put in place.
9.	Any other business
	No items had been previously identified for discussion.
	<b>QUESTION:</b> The Chair asked about the Student Group policy. <b>ANSWER:</b> The Secretary reported that this was currently on track for submission to the next Committee meeting where Officers would review and decide whether to approve its adoption.
	The Sport Officer reported that as part of changes being made to The SU alumni funding application process the Committee would be receiving regular updates on this over the next year so as to help ensure that this funding was being spent. For 2020/21 there would be around £27,000 that could be accessed by Student Groups and The SU to help better the student experience.

The Head of Finance explained that The SU would not be receiving the furlough job retention grant as this would go to the employer which, for most SU staff, was the University. The Committee discussed the possibility that The SU might receive the furlough job retention bonus in February.

The Head of Finance reported on a legal case which had gone to the High Court which, depending on the ruling, might determine whether the insurance company paid The SU a £50,000 insurance claim for business disruption caused by Covid-19.

**QUESTION:** A Trustee asked what was the worst case scenario predicted for this financial year.

**ANSWER:** The Head of Finance explained that the best case scenario was a deficit end of year budget of -£60,000 with -£120,000 being the worst case. This would dependent upon the outcome of the insurance claim submitted for business disruption caused by Covid-19, bad debts provision and movements in restricted funds.

**QUESTION:** A Trustee asked would the worst case scenario completely wipe out The SU reserves.

**ANSWER:** The Head of Finance explained that this would wipe of the free reserves but there would still be restricted reserves.

**QUESTION:** A Trustee asked what would be the impact on The SU if the free reserves were wiped out.

**ANSWER:** The Head of Finance explained that free reserves were for projects so the impact would be that there would be no money to spend on this in the future until restored.

**QUESTION:** A Trustee asked what was happening with the Club Development Officer role. **ANSWER:** The Head of Finance explained that the funding for this project supported role would end in September. A business case had been put into the University to replace another currently vacant staff role with this new role on a permeant basis. Therefore in future this role would be paid for from the staff budget.

The Head of Finance reported on the progress made to address the audit recommendations. Due to staffing absence it has not been possible to implement full segregation this year. It has also not been possible to address cash controls as this is not a priority for the University who do not see this as an issue. Potentially this might be addressed if The SU takes the decision to go cashless for 2020/21 which might prompt action from the University.

**QUESTION:** A Trustee asked for clarity on what the issue with cash control was. **ANSWER:** The Head of Finance explained that the auditors had flagged it as an issue because SU and University cash were being kept in the same safe which could lead to increased risk of accidentally mixing cash up.

**QUESTION:** A Trustee asked how big an issue would auditors consider it that these recommendations had not addressed.

**ANSWER:** The Head of Finance explained that they would likely be understanding of the circumstances and recognise that The SU was trying to address these issues.

The Head of Finance noted that auditors would likely focus scrutiny on authorisation this year due to the sudden change to remote working as a result of Covid-19.

7. SU Scenario Planning

The committee received a report on scenario planning (see additional report circulated late to the Committee).

The Head of Finance reported on the Bars team's plans for generating commercial income while adhering to social distancing restrictions.

**QUESTION:** The Chair asked what would student staffing be like under these plans? **ANSWER:** The Head of Finance explained that student staffing would be reduced to the minimum required to carry out the proposed offer.

The Chief Executive reported that the University were in discussions over the potential to have The SU take over a former primary school in Dartmouth Avenue. Currently this was being offered with maintenance costs to be covered by the University.

**QUESTION:** A Trustee asked if the University already owned it.

**ANSWER:** The Chief Executive explained that it was currently owned by the Local Authority and the University were considering renting it off them.

The Chief Executive reported on progress towards securing the Edge for The SU. Current plans were for maintenance costs to be covered by the University. An additional four staff members would be transferred to The SU with the budget to cover them.

The Committee discussed the different scenarios and agreed that more work was required to identify what decisions would need to be made in the event of the worst case (scenario 3). This would potentially be useful to share with the University to highlight the possible impact of a worst case scenario on The SU. Understanding the possible impact might prompt the University to give financial support to The SU to help avoid this worst case.

The Committee discussed and agreed that each area should review their budgets again to identify activities that might possibly be suspended to make further savings for The SU. Essential savings should be made now to reduce the need to draw on the reserves next year.

ACTION: Head of Finance to meet with area budget managers to identify further savings that could be made.

#### (Jordan Kenny left the meeting at this point)

The Chief Executive explained that another big saving could be made by disaffiliating from National Union of Students. This year affiliation would cost The SU £37,500. Possibly exploring the alternatives for this might allow to make large savings.

#### 8. Risk Management

The committee received a report on risk management (see R3 of the Committee reports).

The Chief Executive reported that changes being considered to The SU data protection arrangements might require the risk register to be updated to reflect the increased risk of potentially handling more sensitive data.

#### 9. Proposal to go Cashless

The Committee received a report on a proposal to make The SU cashless (see R4 of the Committee reports).

The Committee discussed and agreed that The SU should go cashless. They noted that for international students this might be an issue at the start of term when many were still in the process of sorting out their banking arrangements and might need to obtain cash from The SU finance office. It was agreed that early communications should be sent to these students to help them with sorting this out.

#### 10. Any other business

The following items had been previously identified for discussion under any other business:

## 1) Proposed change to asset capitalisation limit

The Committee discussed the proposal to change the limit from a £1000 capital expenditure limit to £2,500. This would cut out the need to record the lower level assets on the asset register. They agreed that the Head of Finance should first check what the impact of the proposed change would have been on last year's asset register.

ACTION: The Head of Finance to check what the impact of the proposed change to the limit authorisation would have been on last year's asset register.

#### 2) Audit arrangements

The Committee discussed and agreed that the following Trustees should be involved in the annual arranged call with the auditors:

- Kate Aldridge;
- Rob Clay;
- Tom Sawko.

The Head of Finance noted that the auditors had reported that a new requirement required that The SU have 'Going Concern' policy. This was needed to set out how the Board holds The SU accountable for managing its ongoing financial obligations.

## 11. To confirm the date and time of future meetings

The Committee noted the following dates and times for future committee meetings:

- Thursday 27<sup>th</sup> August 2020 9-11am
- Thursday 22<sup>nd</sup> October 2020 9-11am
- Thursday 19<sup>th</sup> November 2020 9-11am

**QUESTION:** A Trustee asked if using the reserves to support operating costs would be considered a reasonable use of the reserves.

**ANSWER:** A Trustee explained that one of the primary reasons for having reserves was to provide The SU with an emergency fund to support it during times of financial difficulties.

The Committee discussed the likelihood of scenario two occurring and concluded that activities such as club nights would be unlikely to resume until September 2021. While it was possible that restrictions might be lifted sooner plans should not rely on this. Instead plans should identify decisions that could be taken in-year to make further crucial savings if needed.

The Chief Executive advised that students will be expecting to have activities and if these are not available they will likely self-organise these increasing the risk of transmission. In the event of a local lockdown the impact to the budget will likely be more severe as there will be no furlough scheme to support staffing costs.

The Committee agreed that The SU should plan for a -£150,000 deficit budget but wherever possible actions should be taken in-year to reduce this further. This will ensure that there are still reserves for next year where further actions may be necessary depending on what the situation is with COVID-19. In order to achieve this deficit budget it will be necessary for additional savings to be identified by senior management and applied top down.

ACTION: The Head of Finance/Chief Executive to prepare a budget plan for a -£150,000 deficit. This to include a list of additional decisions that can be made in-year to make further savings if the need arises.

The Committee discussed looking at grants that may be available to them as a charity. There were currently a lot of COVID-19 response grants out there for charities to apply for which could be used to support everything from staffing to maintenance costs. A Trustee volunteered to support The SU with this piece of work.

ACTION: The Head of Finance and Valerie Copenhagen to identify charity grants to apply for to help support The SU through the pandemic.

The Committee discussed the auditor's recommendation that The SU should have three year financial plans. Currently this wasn't possible because the University determined the block grant to be given to The SU on a yearly basis making it impossible to plan more than a year ahead. If the University reduced the block grant next year this would have major implications for The SU operating budget.

**QUESTION:** A Trustee asked how Freshers' Week 2020 was being funding.

**ANSWER:** The Head of Finance explained that the University were paying the full costs for this event.

**QUESTION:** A Trustee asked if any more savings could be made by reducing the need for casual staff?

**ANSWER:** The Head of Finance advised that this part of the budget had already been cut down to the absolute bare essentials.

**QUESTION:** The Chair asked if there would be any potential to generate income from the acquisition of the Edge.

**ANSWER:** The Head of Finance advised that they currently have no information for this to be able to factor it into the budget.

**QUESTION:** A Trustee asked if the Head of Finance felt they had enough support to do the required necessary work.

**ANSWER:** The Head of Finance explained that their work was being impacted by a recurring staff absence within their team. However, they felt strongly supported by the committee and RSM auditors. The Chief Executive reported that HR were aware of the issues and were working closely with The SU to address the matter.

**QUESTION:** A Trustee asked if there was anything that could be done provide short term support.

**ANSWER:** The Head of Finance explained that they felt they would be better supported once their term time staff returned to work as this would free up their time to focus more on this work.

**QUESTION:** A Trustee asked at what point does the Charity have to report to the Charity Commission.

**ANSWER:** The Head of Finance advised that The SU was not yet at the point where it needed to report to the Charity Commission. Financially the Charity Commission would want to be reported to in the event of fraud, significant financial loss or insolvency.

The Committee discussed and agreed that The SU needs to communicate clearly to the University it's budget plans so that they understand how it could potentially impact them. Understanding some of the decisions that may need to be made under the worst case scenario might prompt them to consider giving financial support to The SU. The University has previously been pleased with The SU ability to manage its budget appropriately.

ACTION: The Chief Executive to draft communications to go out to key stakeholders communicating SU priorities for during the pandemic.
